

## NOKE LED LIGHTING TECHNOLOGY LIMITED

### Our LED Panel light series:

- 1, 50,000 hours lifespan exceeds even the highest quality fluorescence
- 2, Over 85% power efficient, more than traditional fluorescence
- 3, Eliminate eye strain and headaches associated with fluorescent lighting
- 4, High brightness and low lighting dissipation
- 5, Use lighting in AC100~240V,100-277V Input Environments
- 6, Perfect for settings where precise instruments can be disturbed by fluorescent
- 7, Starts right away no matter the temperature or conditions
8. Beam angle:180° .

# NOKE LED LIGHTING TECHNOLOGY LIMITED

---

## MATERIALS

- 12 inch 3 wire pigtail is standard

## APPLICATIONS

- Mall
- Storage Facility
- Public Spaces
- Warehouse
- Parking Garage
- Home

## NOKE LED LIGHTING TECHNOLOGY LIMITED

### Technical Specification:

Power	6W-60w
Light source	2835
Driver	Chinese-made/meanwell driver
Input Voltage	100-240VAC (100-277V)
Frequency	50Hz / 60Hz
CCT	2700K-6500K
Beam Angle	180
CRI	≥80
Power Efficiency	>90%
Power Factor	≥0.95
Total Harmonic Distortion	≤15%
Working Temperature(°C)	-40°C to 50°C
Lamp Luminous Efficiency(lm/w)	90-100LM/W(warm white); 100-110LM/W (cool white)
Water proof	IP44
Certificates	CE and RoHS
Warranty	5 years
Lifespan	50,000 Hrs
Dimmable:	Yes
Sensor	Microwave sensor
